

## **MEMBERSHIP INCENTIVES**

Dear Members

As from the 9th September 2026 we have two membership incentives on offer.

### **1) BH incentive**

Proposing members who successfully introduce a Local New Member from the BH Post Code to the Club for Family or Ordinary Membership will be rewarded the following:

Family Membership-You will receive £100 on your club card.

Ordinary Membership- You will receive £50 on your club card.

### **2) Discounts on joining fee**

We would also like to make you aware for children or grandchildren who are proposed for Family, Ordinary, and Junior Membership by an existing parent or grandparent they can receive the following discount on their joining fee:

Under 35 years – the joining fee will be waived in full.

For 35 years and older – the joining fee will be 50% of the usual amount.

In order to take advantage of these incentives, all candidates must go through the normal application process and attend an interview at the Club, before their application is considered by the General Committee. And, as with any special offers, you can't combine the two incentives.

These incentives will be regularly reviewed and can be withdrawn at any time.
